

Methods in Epidemiologic,  
Clinical and Operations Research

### **Level 3 Expression of Interest**

**5<sup>th</sup> to 11<sup>th</sup> March 2017**  
**Phu Quoc, Vietnam**

**DUE BY 5pm Saturday 4<sup>th</sup> January, 2017**

The Vietnam Integrated Center for TB and Respiratory Research (VICTORY), the Vietnam Association Against Tuberculosis and Lung Disease (VATLD), the Woolcock Institute of Medical Research at the University of Sydney and the American Thoracic Society (ATS) and our partners are pleased to announce that we will hold another MECOR course during the above week.

**This notice is to invite Expressions of Interest from previous graduates of the Level 2 course (in any year) to attend a level 3 course.**

The goals of the week are:

1. Develop skills in analysis and preparing a manuscript for publication
2. Advanced epidemiological and critical appraisal skills

#### **Cost of attending**

For selected participants who are employed in the Vietnam, Chinese, Cambodian or Laotian health, government or university system or by local NGOs we will offer scholarships covering most of the cost of accommodation, meals, and tuition as well as travel costs. A co-payment of USD 200 will be required from those participants who receive a scholarship. Participants employed by international governments, NGOs or private industry will be required to pay the full cost. **Participation in level 3 course will require successful completion of the Level 2 course.**

# LEVEL 3 Expression of Interest

**DUE BY 5pm Saturday 4<sup>th</sup> January, 2017**

## Personal Details
