

**TECHNICAL SPECIALIST (1) AND PROJECT ACCOUNTANT (1)**  
(Hanoi-based and travelling to 5 provinces, Vietnam )

Project of “*Improving the resilience of vulnerable coastal communities to climate change related impacts in Viet Nam*” financed by Green Climate Fund (GCF) through UNDP Viet Nam will be implemented from 2017 to 2021 in 7 participating provinces of: Thanh Hoa, Nam Dinh, Quang Binh, Thua Thien Hue, Quang Nam, Quang Ngai and Ca Mau.

Project specific objectives are:

- Improving the resilience of residence’s housing infrastructure to climate related impacts, supporting livelihoods and safety conditions to vulnerable coastal households to climate change impacts.
- Enhancing forest coverage and improving mangrove forest quality for resisting tide ways and protecting coastal communities which contributed to carbon sequestration for emission reduction and biodiversity development.
- Establishing and improving application of climate and disaster risks information system for supporting climate risks and resilience capacity planning and decision making to climate change.

Project consists of 3 components: **Component 1:** Storm and flood resilient design features added to 4,000 new houses on safe sites, benefiting 20,000 poor and highly disaster-exposed people in 100 communes in 5 central provinces of Vietnam; **Component 2:** Regeneration of 4,000 hectares of coastal mangrove storm surge buffer zones using successful evidence-based approaches; **Component 3:** Increased access to enhanced climate, damage and loss data for private and public sector application in all 28 coastal provinces of Viet Nam.

The Project - Component 1: Support on storm and flood resilient house construction covers five provinces: Quang Ngai, Quang Nam; Thua Thien-Hue, Thanh Hoa and Ca Mau (Year 2022). The Project-Component 1 aims to support poor stakeholders in 5 provinces to construct houses, adding storm and flood resilient design features. Housing and Real Estate Management Bureau (Ministry of Construction) acts as the Employer of the Project - Component 1. Project Management Unit-Component 1 would like to invite applicants to submit your application documents for the position interested (Technical Specialist or Project Accountant) as described in the attached files to the following address:
