About HelpAge International in Vietnam

HelpAge International is an international NGO and the secretariat of a global network of organisations promoting the right of all older people to lead dignified, healthy and secure lives.

Our vision is a world in which all older people can lead dignified, healthy and secure lives. **Our mission** is to promote the wellbeing and inclusion of older women and men, and reduce poverty and discrimination in later life.

We want every older person, everywhere can say:

- I enjoy the well-being
- I am treated with dignity
- My voice is heard.

HelpAge International's strategy 2020-2030 promises that 'by 2030, millions of the older people will enjoy a better quality of life, through improved wellbeing, dignity and voice. We believe that everyone should have the opportunity to live a long and healthy life, experience wellbeing and do what they value.

Introduction of the Project

1. General information

- Project name: Reducing Income and Health-Related Vulnerabilities of Older Persons in Viet Nam (VIE071 Project)
- Project duration: 2020-2024
- Project sites: Hoa Binh, Thanh Hoa, Quang Binh, Da Nang, Khanh Hoa and Ninh Thuan
- Donor: Government of Japan through Japanese Social Development Fund (JSDF), administered by World Bank
- Local partners: Association of the Elderly (AE) in 6 provinces, with technical support from National AE.
- Main beneficiaries: Older persons, their families and communities in Project areas

2. Project objectives

In order to reduce the income- and health-related vulnerabilities of older persons, the project development objective is to increase the participation of older persons in income-generating activities and their use of community-based health and social care services in the selected communities in six provinces (Hoa Binh, Thanh Hoa, Da Nang, Quang Binh, Khanh Hoa, Ninh Thuan).

- The project objectives will be achieved through:
 - (a) Livelihood support: increasing the income of older persons through appropriate, age-friendly and pro-poor livelihoods activities that generate income in old age;
 - (b) Health promotion and care: strengthening linkages between community-level Inter-generational Self-Help Clubs (ISHCs) health-related activities and formal primary health care services to enhance the health-related activities of the ISHCs and improve access of older people to basic health care (especially for non-communicable diseases), thus keeping older people healthier and economically active longer;
 - (c) Social care: developing, implementing and advocating for appropriate community and home-based long-term care to enhance quality of life and independence for people whose ability to perform activities of daily living (ADLs) and instrumental activities of daily living (IADLs) is declining.
- All of the above will be implemented by community led, innovative, effective and sustainable ISHCs, in partnership with local AE, authorities and service providers. Totally 180 ISHCs will be established and supported to provide comprehensive services for disadvantaged people, majority of them are older people.
