

For whom?

Project/programme officers/managers/directors, community development workers and facilitators/consultants who need to master concepts and tools whilst managing projects.

What will you gain?

- ✓ Understand RBM concepts, tools and practical applications;
- ✓ Apply RBM concepts to all stages of the project cycle;
- ✓ Improve managing for results instead of managing for activities.

Trainer's profile

Mr. Koen Toonen, Senior Trainer and Consultant, Branch Director of MDF Training and Consultancy, Vietnam office.

- ✓ 22 years of experience in international development cooperation
- ✓ 15 years experience of project/programme management
- ✓ 15 years of strategic planning, implementation and financial management of UNDP, UNEP, UNOPS projects and programmes
- ✓ 5 years of experience of conducting institutional assessments, functional reviews and capacity needs assessments in Afghanistan, Iraq and Liberia. Assessed staff capacities and training needs, and designed training courses for capacity building.
