

Consultant position at E&D

Enfants&Développement is a humanitarian organization founded in 1984 to help Cambodian children victim of war and genocide. Currently, E&D leads a Family Development (FD) program established in HCMC. In 2013, based on an analysis of the needs of followed beneficiaries, E&D strengthens the economic stream of the program by setting up a new comprehensive project: a vocational training and job placement project.

Within this framework, E&D is looking for a **qualified consultant with background in Technical Vocational Education and Training.**

Contract: 4 months

Location: HCMC

Salary: based on experience (between \$800 - \$1200)

1. Objectives:

Mission 1: To perform a study on Vietnam's dual education and present recommendations on key issues, policies and strategies on developing dual vocational training for vulnerable young people in HCMC.

Mission 2: To support the development and initial phases of delivery of a pilot dual vocational training module in HCMC for vulnerable young people

2. Tasks to be performed under this contract:

Mission 1:

- a) Present an outline of Vietnam's technical and vocational education and training (TVET) system, looking in particular at the dual system framework;
- b) Analyze the context and the opportunities to provide dual trainings to vulnerable young in HCMC
- c) Provide insight and recommendations for the development of dual trainings for vulnerable young people
- d) Regularly update E&D on research progress;
- e) Provide E&D with clean data files;
- f) Draft a report outline containing key findings;
- g) Submit the final report in time.

Mission 2:

- a) Contribute to the identification and selection of potential partners to set up a pilot dual training module;
- b) Contribute to the design of a curriculum of a pilot dual training module;
- c) Contribute to implement a pilot dual training module;
- d) Contribute to the development of tools and procedures to set up and monitor the coordination between the vocational training centre and the societies.
- e) Collaborate with E&D and other relevant actors (local authorities, vocational training centres, societies)

3. Qualifications and experience required:

- Expertise in technical and vocational education. A background in social work would be appreciated: social inclusion / community development
- Very good understanding of social exclusion and professional integration issues. Knowledge of the TVET system in Vietnam would be appreciated.
- Ability to actively seek and improve services, offer new and different options/initiatives, promote and persuade others to consider new ideas
- Extensive project implementation experience on vocational education settings
- Proven experience in research study
- Strong analytical skills
- Good technical drafting and report writing skills
- Completely fluent in Vietnamese - proficiency in English and/or French

Interested candidates are kindly requested to submit CV in English or French electronically to vietnam@enfantsetdeveloppement.org
