

EMPLOYMENT OPPORTUNITIES IN PUBLIC HEALTH

FHI 360 is an international non-governmental organization that promotes the health and well-being of the Vietnamese people, particularly vulnerable and marginalized populations. We work at the national and provincial levels to achieve project aims. FHI 360 is currently implementing programs in HIV/AIDS, TB, clinical research, anti-microbial resistance, health system strengthening, combatting trafficking in persons, non-communicable diseases, maternal and child health and nutrition, diagnostics, and laboratory services.

FHI 360 is currently seeking a qualified and highly motivated Vietnamese national candidate to serve as **Technical Advisor, HIV Prevention and Testing for the USAID Meeting Targets and Maintaining Epidemic Control (EpiC) project**, based in **Hanoi or Ho Chi Minh City**.

Main responsibilities:

Technical Leadership (~55%)

- Lead a team of technical assistance providers to implement HIV prevention, testing, and pre-exposure prophylaxis (PrEP) programming, including continuity of service delivery and care.
- Facilitate capacity building to strengthen results-based programming.
- Ensure online demand generation activities align with client needs.
- Develop work plan and subcontract language in areas of technical expertise and monitor subcontract performance on areas of technical focus.
- Facilitate collaboration and supportive environment with implementing partners and other project staff.

Knowledge Strengthening (~15%)

- Develop manuscripts, presentations, and other knowledge products promoting successes, lessons learned, and knowledge gained to advance the global HIV response.
- Lead reporting and response to ad hoc requests related to areas of technical expertise and leadership.

Provincial Response Team Lead (~15) for One Province

- Serve as internal expert of provincial data across the HIV cascade for assigned province.
- Track progress against provincial continuous quality improvement (CQI) priorities in partnership with CQI Response Team.
- Brief internal, donor, and external leaders on provincial needs and results as appropriate.

Additional Technical Specialty (~15%)

- Obtain and/or maintain technical expertise in area supportive of HIV services.
- Coordinate with other implementing partners to ensure global best practices are institutionalized across Vietnam.
- Lead the development of trainings and job aides related to technical specialty, train other members of the team on area of expertise.
- Respond to reporting and ad hoc requests from USAID related to area of technical specialty.

Experience and abilities for the position:

- Bachelor's degree in public health, social work, social sciences administration, quality improvement or related field; advanced degree preferred.
- 5-10 years' experience in management or technical implementation of international development projects in Vietnam, preferably in HIV outreach, testing and/or counseling.
- Exceptional skills with Microsoft Excel, Word, and PowerPoint.
- Experience with USAID, PEPFAR and the VAAC preferred.
- Well-developed written and oral communication skills in both Vietnamese and English.
- Ability to travel as necessary.

FHI 360 offers competitive compensation and excellent benefits.

Interested candidates are invited to visit FHI 360's career page at <https://www.fhi360.org/careers> and apply the position ONLINE by **July 25, 2021**. Selection and interviews will be conducted on a rolling basis and candidates are encouraged to apply as soon as possible. Final title will be determined based on education and experience.

Only shortlisted candidates will be contacted for interviews.
