Foreign NGOs working in Viet Nam

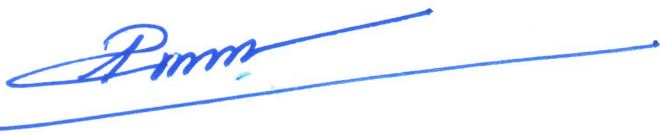

Dear colleagues,

Recently, we have received questions on Personal Income Tax (PIT) from a number of FNGOs (either via the Resource Centre or directly with PACCOM).

After consulting with the Resource Centre and several FNGOs, we have held different meetings with the Department of Debt Management and External Finance (of the Ministry of Finance), General Department of Tax and Ha Noi Tax Department to look into PIT issues. We have gained positive outcomes from these meetings.

In the following weeks, we will have further meetings with some other relevant agencies on this issue. In the last week of June, PACCOM is organizing a meeting to discuss this issue with the NGO community.

Yours sincerely,

Phan Anh Son

Director General
