

To: Development Partners and International NGOs

Ref: Supporting Victims of Typhoon Doksuri

Date: September 18, 2017

Dear colleagues,

Warmest greetings from the Vietnam Union of Friendship Organizations (VUFO) and the People's Aid Coordinating Committee (PACCOM)!

Typhoon No. 10 (known as Doksuri) made landfall in the central part of Viet Nam last Friday (September 15). In its long hours of affliction, the most powerful storm in a decade killed dozens of people, injured hundreds of others and damaged crops, houses and public buildings.

To get updates on the situation of affected residents, VUFO-NGO Resource Centre's Disaster Management Working Group (DMWG) and PACCOM will send assessment teams to Nghe An – Ha Tinh and Quang Binh – Quang Tri tomorrow. The teams' findings will be shared at the soonest possible.

In the mean time, VUFO/PACCOM would like to call for emergency relief from development partners and international NGOs to help the affected communities. For coordination purpose, please inform us of any interventions planned by your organization and what VUFO/PACCOM can assist (contact: Ms. Nguyen Thi Quynh Trang, email [trangnguyen@vufo.org.vn](mailto:trangnguyen@vufo.org.vn); cell: 096.631.1119).

Your prompt action would be highly appreciated.

Sincerely,

Phan Anh Son  
Director General
