RECRUITMENT

Position: Resource mobilization & Communication (RMC) Manager

I. Introduction:

Research Center for Management and Sustainable Development (MSD) is a Vietnamese non-government organization under Vietnam Union of Science and Technology Association, according to the decision number: 216/QĐ-LHH on March 05, 2008.

MISSION

The mission of MSD is to create a strong and effective NGO and civil society sector to effectively respond and protect the needs of Vietnamese community.

OBJECTIVES

- ✓ Adding values, networking and supporting to Vietnamese CSOs and social enterprises in their effort towards effective development;
- ✓ Improving a sustainable quality of life for disadvantaged Vietnamese communities;
- ✓ Building the coalitions between the Government, Enterprises, and Social Organizations for social development.

AREAS OF STRATEGIC FOCUSES 2013 - 2018:

- 1. Enhancing development effectiveness for CSOs** through (i) raise awareness for CSOs and other stakeholders on development effectiveness; and (ii) build capacity and promote CSOs' good practice on development effectiveness and transparency and mutual accountability and resource mobilization;
- 2. Contributing to improve enabling policy environment for CSO development** through (i) build capacity of policy advocacy for CSOs and other stakeholders; (ii) network CSOs and connect them with other stakeholders; and (iii) implement and support other CSOs in policy advocacy processes.;
- 3. Contributing to human right promotion and protection** through (i) promote human rights education for all; (ii) advocate for improved legal framework for rights implementation; and (iii) empower the rights implementation process for vulnerable groups of disadvantaged children, street and migrant groups and people with disabilities.
