tôi có thể

# INVITATION

DEAR SIR/MADAM,  
YOU ARE CORDIALLY INVITED TO ATTEND

**I hear from the wind  
I read from the forest  
I learn from the lullaby ...**

**“I BELIEVE I CAN”**  
*Indigenous Knowledge  
Spring of life*

Indigenous knowledge is nursed when human beings live in harmony with the nature. The process of learning, exploring over thousands of years has helped members from communities understand and live in harmony with their beloved land with all their heart and mind. That is the process knowledge is formed, used and transferred among generations, enriching the knowledge treasure of each ethnic community.

*I believe I can 2018* is celebrating the beauty of knowledge embedded within each cultural practice of more than 20 ethnic communities from many parts of the country.

Come to explore the humbleness and the understanding of human beings and mother nature. —
