

## **EURAXESS Links ASEAN – supporting closer collaboration between Europe and Southeast Asia**

EURAXESS Links ASEAN is a network of European and international researchers, scientists, and scholars looking to strengthen research collaboration between Europe and Southeast Asia. This multidisciplinary network includes members at all stages of their careers. It allows them to connect with each other and with Europe, ensuring that they can identify potential research partners as well as funding and mobility opportunities.

EURAXESS Links ASEAN is operated by two regional representatives who are based in Bangkok, Thailand and Singapore respectively. Besides keeping the EURAXESS community members informed about the latest information related to research events, funding, jobs and collaboration opportunities in Europe and ASEAN, they are providing platforms for dialogue and exchange to facilitate bi-regional cooperation and mobility. All services are offered free of charge.

In addition to ASEAN, EURAXESS Links has representative offices in China, Japan, India, North America and Brazil.

### **What can EURAXESS do for you?**

- Stay informed about research developments, research events and funding opportunities in Europe and the Links countries through EURAXESS LINKS;
- Network with European and international researchers and find research partners through EURAXESS LINKS;
- Plan your next career move or recruit the best talent with the EURAXESS Jobs portal;
- Get personalised assistance when relocating to Europe or disseminate information about opportunities in your institution to the EURAXESS community through EURAXESS Services;
- Become part of the future global support, career development and networking tool for the international research community.
