

CONSULTANCY

Phase III - Technical support to improve the safety and climate resilience of existing communal shelters, including ensuring access to acceptable water and sanitation

American Red Cross is a non-profit, volunteer-led, humanitarian organization that helps vulnerable people and communities around the world prevent, prepare for and respond to disasters, complex humanitarian emergencies, and life-threatening health conditions.

The American National Red Cross (ARC) is soliciting proposals from various companies and organizations for the provision of technical support to improve the safety and climate resilience of existing communal shelters, including ensuring access to acceptable water and sanitation. To complete the tasks successfully, a team, comprising of suitably qualified and experienced national consultants is sought.

Project: Vietnam Forests and Delta
Dates: September 2016 to May 2017
Reporting to: Country Representative, American Red Cross: Vietnam Delegation
