

Invitation Letter

Vietnam ClimateLaunchpad – National Final

Dear **Mr/Ms**,

“About ClimateLaunchpad” is the world’s largest cleantech business idea competition. Our mission is to unlock the world’s start-up cleantech potential and accelerate innovations that address climate change. To do this, we scout cleantech talent and help them grow their sustainable ideas into global businesses. The competition is organized for the seventh time this year and we’ve gone from strength to strength.

To share with CCWG’s members, the 2021 Climate Launchpad is open in 50+ countries. In Vietnam this year, the Center for Creativity and Sustainability Study and Consultancy (CCS) is the country organizer and the competition is supported by Hanns Seidel Foundation (HSF). HSF is a political foundation based in Munich, Germany, and registered as an INGO in Vietnam working towards contributing to sustainable, social, economic and institutional development.

CCS would like to invite you to join with us at the event.

Detail event:
