

Winrock International, an international not for profit organization, is seeking applications for qualified short term independent specialist to carry out the **Facilitator and Coordinator** role in the development of a Building Energy Performance Database Software that will be used for storing and presenting various data collected through the Program’s building surveys for the USAID-funded Vietnam Clean Energy Program (VCEP) , which aims to strengthen the foundation for low emissions energy systems in Vietnam by enhancing capacity to acquire, manage, analyze, and use energy sector data in decision-making, increasing energy efficiency in high energy use sectors, and increasing public and private investment in and piloting of renewable energy technologies.

Position advertised:

A Software Development Specialist

Terms of References (TORs) in English and Vietnamese as attached files.

Application Procedure

Interested Vietnamese candidates are invited to send applications to **Ms. Hang** via email hnguyen@winrock.org with a subject line “**Application for the position of 01 Software Development Specialist**– {Full Name of Applicant}”.

Submission of application in English is required

Only short-listed candidates will be contacted for further stages.

Deadline for submission: 9th December, 2016
