

VACANCY ANNOUNCEMENT

As a federal enterprise, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH supports the German Government in achieving its objectives in the field of international cooperation for sustainable development. On behalf of the German Government, GIZ currently provides advisory services to the Government of Viet Nam in three priority areas: Vocational training, Environmental policy and sustainable use of natural resources, and Energy. For further information, please visit www.giz.de/viet-nam.

With the 'Macroeconomic Reform/Green Growth Programme', GIZ directly links these priority areas of activity with Viet Nam's Green Growth Strategy in order to achieve lasting impacts in all sectors and facilitate Viet Nam's progress towards a sustainable future.

The programme aims at two principle objectives: (i) The Government of Viet Nam implements measures and actions which are well-oriented to support the environmentally and socially responsible growth in the framework of the Viet Nam's Green Growth Strategy; and (ii) the macroeconomic stability is improved and capacity of government agencies is enhanced for better implementation of economic and social policies thereby contributing to the equitable and sustainable growth process in Viet Nam.

In this regard, Component "Effective Coordination of Green and Inclusive Growth Policies" of the Programme aims at improving the coordination capacity of the Ministry of Planning and Investment (MPI) in the area the of green and inclusive growth. Main activities include enhancing the effectiveness of green growth and sustainable development strategy/action plans, developing and using statistical indicators for monitoring and evaluation of such policies, integrating more sustainable dimensions into the socio-economic development plan (SEDP), and formulating the policy framework for mobilising public and private resources for green growth objectives and sustainable development goals.
