

# ChildFund Vietnam

ChildFund Vietnam is the representative office of ChildFund Australia – an independent international development organisation that works to reduce poverty for children in developing communities.

ChildFund Australia is a member of the ChildFund Alliance – a global network of 11 organisations which assists almost 16 million children and their families in over 60 countries. ChildFund Australia is a registered charity, a member of the Australian Council for International Development, and fully accredited by the Department of Foreign Affairs and Trade which manages the Australian Government's overseas aid program.

ChildFund began working in Vietnam in 1995 and works in partnership with local government and civil society, as well as children, their parents, caregivers and communities to create lasting change, respond to humanitarian emergencies and promote children's rights.

Projects are implemented in the northern provinces of Bac Kan, Cao Bang and Hoa Binh, where the majority of people are from ethnic minority groups; often the most vulnerable or marginalised sections of the population.

ChildFund Vietnam's projects focus on child rights and child protection, education, health and wellbeing for children. ChildFund Vietnam also prioritises building the resilience of young people, by giving them the opportunity to take part in sports, life skills learning, and supporting their participation in local decision-making processes.
