

VACANCY ANNOUNCEMENT

As a federal enterprise, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH supports the German Government in achieving its objectives in the field of international cooperation for sustainable development. We work in a variety of fields and support our cooperation partners in designing strategies and meeting their policy goals. GIZ Viet Nam is currently engaged in three priority areas: 1) Vocational training; 2) Environmental policy and sustainable natural resource use; 3) Energy. For further information please visit our website: www.giz.de/viet-nam.

The Mekong Delta Climate Resilience Programme (MCRP) (2019-2021) is the development program that is funded by the governments of Viet Nam and Germany and implemented by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ). Its objective is to support the Vietnamese authorities on their path for a sustainable development of the Mekong Delta through the climate-resilient management of natural resources along the coast. MCRP will focus on three working areas:

- (1) Governance support for national level and 13 Mekong Delta provinces: Support the establishment of an institutional framework for regional coordination in the Mekong Delta
- (2) Investment policy for national level and 13 Mekong Delta provinces: Support the improvement of investment planning and coordination for a climate-resilient and gender-sensitive land and water use management incl. coastal protection for the Mekong Delta
- (3) Technology and Solutions for seven coastal provinces and An Giang province of the Mekong Delta to intensify the use of innovative and climate-adapted technologies and solutions.

MCRP has a comprehensive workplan focused on three key areas: land-use and agriculture, water and regional coordination in the Mekong Delta. To effectively carry out activities for regional coordination and agriculture additional human resources are required.
