

# VACANCY ANNOUNCEMENT

As a federal enterprise, the **Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH** supports the German Government in achieving its objectives in the field of international cooperation for sustainable development. On behalf of the German Government, GIZ currently provides advisory services to the Government of Viet Nam in three priority areas: Vocational training, Environmental policy and sustainable use of natural resources, and Energy. For further information, please visit [www.giz.de/viet-nam](http://www.giz.de/viet-nam).

Viet Nam's dynamic growth is also reaching rural areas, but at the same time poses a major challenge for the protection of the environment and the preservation of biodiversity. The effects of climate change are significant and the physical exposure, high population density and institutional weaknesses make the coastline and the Mekong Delta in particular vulnerable. The cluster "Environment, Climate Change, Biodiversity" currently comprises a total of four teams in the thematic areas of climate change, coast and water (including agriculture), biodiversity and forests, regional economic integration as well as numerous service packages of global projects, and private public partnerships.

**The NDC Transport Initiative for Asia (NDC TIA)** is a joint project of seven organisations and will engage in China, India and Vietnam. It aims at promoting a comprehensive approach on decarbonizing transport, i.e. a coherent strategy of effective policies that are coordinated among various sector ministries, civil society and the private sector. In each of the partner countries, the consortium supports countries in facilitating and informing these stakeholder processes and in developing selected climate actions. In Vietnam, the goals of the project are to support the Vietnamese partners on national and city level on enhancing transport mitigation ambition in its 2050 vision and NDC and improving the policy framework for low-carbon transport. The project requires qualified candidate to fulfil the following position:

The NDC project is looking for a qualified local professional to fill the following position:

## **Senior Project Officer “NDC Transport”**

Duty Station: Hanoi, Vietnam

Duration: ASAP for 2 years contract with possible extension

### **Main responsibilities:**

- Implement all related activities of the project areas: MRV and NDC implementation.
- Contribute to the project management in achieving the program 's objectives in Viet Nam.
- Provide technical advice to the Ministry of Transport (MOT) on the development of transport and climate change strategies and the quantification of transport related to greenhouse gas emissions reductions.
- Provide advice on developing sector/subsector policies and devise a workable plan for the implementation of MRV and NDC in the transport sector.
- Coordinate and closely work with other authorities, departments, ministries (MPI, MOIT, MONRE, etc) to support the team leader in developing MRV system and NDC implementation in the transport sector.
- Prepare Terms of Reference and steer international and national consultants who will partially contribute to the programme's objectives.
- Implement trainings and capacity development measures of partner institutions and personnel.
- Promote NDC-TIA and its objectives and activities related to transport in relevant media, events and platforms (e.g. publications, digital platforms, round tables, conferences, other).
- Develop concepts and organize technical meetings, workshops and conferences.
- Support the monitoring and evaluation of the project's activities, prepare reports and presentation material.
- Support the project management in the acquisition of additional projects; Provide input for the development of country portfolio where appropriate.

**Minimum requirements:**

- Master's degree in a course related to the transport or environment, climate change, etc.
- At least 15 years of professional experience in sector of transportation.
- Experiences in environment/climate change, international coordination including experiences in monitoring and evaluation of related projects, of which at least years of working experience with belonging agencies of MOT and other ministries.
- Good skills in training and capacity building.
- Experience of working with international and national partners at the central and local levels, INGOs, stakeholders, donors and other projects.
- Profound knowledge of Viet Nam's transport, environment and climate change policy framework, legislation, institutional landscape, relevant implementation structures, responsibilities and planning processes.
- Excellent written and oral communication skills in both English and Vietnamese.
- Excellent command of MS-Office.
- Good working knowledge of modern telecommunication systems (telephone, fax, e-mail, internet).
- Friendly personality, high motivation, strong personal development skills, with analytical capacities and problem-solving skills.
- Willingness to work hard and occasionally on weekends, travel and work in project locations.
- Demonstrated ability to work and produce - sometimes under high pressure - high quality outputs with limited supervision and management.
- Excellent ability to share knowledge and experience, a good team player and self-management skills.

**Successful candidates will enjoy good working conditions with a friendly and creative working environment, open corporate culture, competitive benefits and compensation and good policies of training and development.**

Interested, qualified candidates are invited to send the application in English, including copies of relevant certificates and references, either by email (to [hr-giz@giz.de](mailto:hr-giz@giz.de)) or by post (to **GIZ Office Hanoi**, 6th Floor Hanoi Towers, 49 Hai Ba Trung Street, Hanoi, Vietnam), before **30<sup>th</sup> July 2021**.

Note: Please state “**Application for Senior Project Officer “NDC Transport”**” in the subject line or on the envelope. The short-listed candidates will be contacted within 4 weeks after the deadline. Telephone contact is not encouraged.
