

EMPLOYMENT OPPORTUNITIES IN PUBLIC HEALTH

FHI 360 is an international non-governmental organization that, in Vietnam, promotes the health and well-being of the Vietnamese people, particularly vulnerable and marginalized populations. It works with the Vietnam Ministry of Health and other national bodies, as well as provincial and district-level health services to achieve project aims. FHI 360 is currently implementing programs to address HIV prevention, testing, and treatment; combatting trafficking in persons; tuberculosis case finding and treatment; clinical research; anti-microbial resistance; health system strengthening; non-communicable diseases; maternal and child health and nutrition; and diagnostic and laboratory services.

Applicable for Vietnamese citizens only: We are currently seeking a qualified and highly motivated Vietnamese national candidate for the position of **Technical Specialist, the Better Health Programme (BHP)**, based in **FHI 360 Hanoi office** during the period October 2021- October 2022.

Project Description:

BHP Vietnam is a 3.5-year programme funded by the UK Government's Prosperity Fund and aims to reduce non-communicable disease (NCD) burden in Vietnam by improving access to safe, quality care using equitable, ethical and sustainable approaches. The programme will accomplish this through the implementation of a set of activities in the following areas: 1) Strategies to Counter NCDs; 2) Education and Training, and 3) Provider Performance Improvement.

Position Description:

Under the direction of the BHP's Country Technical Lead (CTL), the Technical Specialist will be responsible for providing technical guidance for the implementation of BHP's activities. The Technical specialist will work with the BHP team, international and national experts and BHP's stakeholders.

Key responsibilities:

- Support coordination, planning, monitoring, and reporting for BHP's activities, in alignment with programme standards, guidelines and requirements.
- Work with relevant Ministry of Health (MoH)'s Departments (General Department of Preventive Medicine, Department of Finance and Planning, Electronic Health Administration and Administrative of Science, Technology and Training) and other government agencies to formulate an evidence-based strategy to achieve the targeted outputs in BHP's terms of reference.
- Develop project-related documents and reports as per the national, regional and global standard and donor requirements for timely submission and approval.
- Work with the CTL to plan and coordinate consultants.
- Facilitate cross-learning between the UK, international, and local experts to strengthen collaboration and improve communication and industry engagement approaches to counter NCDs in Vietnam.
- Develop manuscripts, presentations, and other knowledge products promoting successes, lessons learned, and knowledge gained to advance NCDs prevention and control in Vietnam.
- Carry out other tasks as required by CTL.

Qualifications and requirements:

- Medical doctor or advanced degree in International development, Public health or related fields.
- Must have at least eight (5) years of health-related experience in Vietnam and demonstrated understanding of the health system in Vietnam.
- Demonstrated capacity to design and implement health programmes (experience in programmes related to NCD preferable).
- Demonstrated ability to influence, motivate, and collaborate with a high level of strategic partners and others would be an asset.
- Prior work experience in a non-governmental organization, government agency or private organization.
- Excellent interpersonal and leadership skills and experience working with stakeholders including government departments.
- Demonstrated capacity to produce high-quality programme reports and other programme-related materials.
- Demonstrated ability to communicate effectively in English, both orally and in writing.
- Computer literate with strong skills in the use of MS office package (Word, Excel, PowerPoint, etc.).

FHI 360 offers a competitive compensation and excellent benefits.

Interested candidates are invited to visit FHI 360's career page at <https://www.fhi360.org/careers> and apply the position **ONLINE by COB September 9, 2021**. Selection and interviews will be conducted on a rolling basis and candidates are encouraged to apply as soon as possible.

Only shortlisted candidates will be contacted for interviews.
