

VACANCY ANNOUNCEMENT

As a federal enterprise, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH supports the German Government in achieving its objectives in the field of international cooperation for sustainable development. On behalf of the German Government, GIZ currently provides advisory services to the Government of Viet Nam in three priority areas: Vocational training, Environmental policy and sustainable use of natural resources, and Energy. For further information, please visit www.giz.de/vietnam.

The project “Improved water cycle systems for sustainable fisheries production in aquaculture” (i4Ag) (2020-2026) is commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ). It aims to test innovations that have the potential to make local shrimp value chains more efficient and sustainable in order to increase incomes, secure jobs and improve environmental sustainability. The project is implemented by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH.

The project is looking for a local qualified candidate to fill the following position:

Programme Officer in Aquaculture “i4Ag”
