

ABOUT VOLUNTEER PROGRAM

The Volunteer Program at Cooperative for Assistance and Relief Everywhere, Inc. (CARE) in Vietnam (CVN) is designed for young national talents who desire to pave their career path with an interest in development work, in the hope that their contribution to CVN would promote not only growth of their knowledge and skills but development of their career as well.

In companionship with CVN, volunteers can expect to (i) Gain insight into the development and humanitarian sector with a strong focus on gender equality (see About CARE); (ii) Build up professional life with first-hand experiences in a diverse working environment; and (iii) Challenge and develop behaviour competences in a dynamic international organization.

To that end, volunteers are at the heart of the program with a support structure that enables them to seek mentorship and collaboration within and beyond the organization. This structure will involve various mentors who could be supervisors, colleagues, and peers to provide on-the-job guidance, educational opportunities, and peer-learning experiences.

As the Volunteer Program is aligned with CVN's Volunteer and Intern Policy and Guidelines, a monthly allowance along with an Accident and Health package will be provided. ABOUT CARE

CARE in Vietnam has actively collaborated with various Vietnamese organizations and counterparts in the past 30 years in more than 300 projects. We realize that the keys to equal development achievements are interventions to address deeply rooted, underlying structural causes of poverty, social injustice, and gender inequality, which contribute to the exclusion and vulnerability of particular groups in society. In the long term, we work with partners to support marginalised women, ethnic minorities, and those engaged in green enterprises or supply chains, have enhanced resilience and adaptive capacities to the effects of climate change, alongside the power, capability, and confidence to make and influence economic decisions, ensuring gender-just and equitable.
